ADVANCE BENEFICIARY NOTICE (ABN)

To our Medicare patients:

We are committed to providing you the very best eye care available. Unfortunately Medicare does not cover all the services that may be provided during your eye examination. If you simply need to get your glasses changed, Medicare will not cover this procedure. We truly regret any inconvenience or undue burden this may cause. These rules and restrictions are set by Medicare and we must abide by them.

Refraction charge

Refraction is done to determine whether or not glasses are necessary or need to be changed. This is an essential part of your eye exam. **The refraction is critical to helping us determine precisely how well you can see.** Once again, **Medicare will not pay for a refraction**, although it is a fundamental part of a comprehensive eye examination and **a fee of \$50 is due at the time of service.**

We expect that Medicare will not pay for the item(s) or service(s) that are described below.

Medicare does not pay for all of your health care costs. Medicare only pays for covered items and services when Medicare rules are met. The fact that Medicare may not pay for a particular item or service does not mean that you should not receive it. Listed below are items or services that will not be paid for by Medicare.

Items or Services:
Refraction, Contact Lens Evaluation, Frames And Lens
Because:
Medicare does not consider as medically necessary

The purpose of this form is to help you make an informed choice about whether or not you want to receive these items or services, knowing that you will have to pay for them yourself.

NOTE: You need to make a choice about receiving these health care items or services.

PLEASE CHOOSE **ONE** OPTION. CHECK **ONE** BOX. **PRINT, SIGN & DATE** YOUR CHOICE.

<input type="checkbox"/> Option 1. YES. I want to receive these items or services.
